# FOREWARD

For those of you who do not know who Yun is, a good way to find out is to read this book, but I will try to give a general description nonetheless. Yun is a wise and amazing man who joined Lop during the summer of 2018, and quickly rose in favor amongst the people there. Yun is always happy and friendly, seeing the joy in all things, and sharing wisdom at the same time; truly a living saint. But, in the beginning of fall in 2018, Yun left Lop and wasn't replying to anyone. Most people there, after a few days had passed and it sunk in that Yun was gone, honestly thought he had died. Some cried, some called him a saint, some began writing down his words, some went out spreading Yun's words to new people. Early it was recognized that Dale, Reb, and Yung were the head of this "cult" of Yun. Although, as Yung wasn't active that often he was often overshadowed by others but was is and will always, **always**, be Bestest. Think of Yung and Yun like John and Jesus. Spreading of Yun's words, in the form of an early Book of Yun, continued for a long time after this, right up to Yun's return in fact. Dale had shared Yun's words with a person named Rain who then spread it to her whole school, much like Edgy the year before.

Yun returned to us on August 18th, 2019, after being gone for ten months, making that day forever and always Yunday, a day for celebration to remember Yun's great return.

This book was written by and for the disciples of Yun, that we may learn his ways from his words. Although a year in the making, this is indeed a more or less complete edition of The Book Of Yun. I say more or less because some of the original text, namely chapters sixteen through twenty-three, has been lost. The rest was painstakingly copied and compiled, with additional headers for easy finding of verses, and divided into chapters by days. Also now added is a complete gallery of The Art Of Yun, all of which were titled and drawn by Yun himself.

Thank you to all the both old and new disciples/followers of Yun: Yung, Dale, Reb, Dan, Jack, Allie, Skylar, Fabious, Kaleb, Jessica, Dax, Benny, Shae, Lemon, Shane, Collin, Rain, and Malaina.

# THE WISDOM OF YUN

As Delivered By Yung

**1** Yun says "Mangoes don't bear fruit if it's rains when they flower. Yun wants to go to Japan and says: What you could do in this home? Go up to dining room and eat this! They are tiny food, you dip it in the tiny bowl with little sauce, it is so healthy. We would live forever. We wear special Japanese clothes to blend in. In Japan mommy looks like this."

**2** Yun says "Don't walk outside in dark, scorpions and spiders and snakes. Literally and figuratively."

**3** Yun says "Ye don't be too hard on yourself. Take pride in what you have done now, stopped that spiral, and working on it. There's many people that are still so far from that and making it worse."

**4** Yun says "Ye but you get old waiting and your grandma would be happy if you move somewhere and got married to cutie."

**5** Yun says "Phones are evil."

**6** Yun says "WiFi fries the nuts."

**7** Yun says "Sleep is joy, unless nightmare."

**8** Yun says "Have one coffee plant, probably not grow becuase of the salty air."

**9** Yun says "But the busy countries, the people don't have time to be nice."

**10** Yun says "That face when pupper finally gets his trap girlfriend."

**11** Yun says "Yun us now seeing whales. Baby put nose in. Wew. Milkies."

**12** Yun says "Always wondered if thoughts hang around the head, I don't know dreaming is weird level of something."

**13** Yun says "Not child porn, not real gore. It shouldn't make me puke."

**14** Yun says "Some kids have hard time anyone don't need more shit. When they get bully in school and come online to make frens, but the web is like that."

**15** Yun says "Get me hungry. Wish I was Asia, nice foods."

**16** Yun says "Ye the madness is not a ride anyone should get into."

**17** Yun says "Pimp is best job. Do nothing, let ladies bring it in, purple suit, nice hat."

**18** Yun says "Should have become a Jew, thieving."

Kekky said "Ye they're cool, I guess the only downside is huge vomit for a large cat, a few hours ago it managed to spew out a pile of food and hair the size of a fucking cow." 59 Yun responded "Eeh!" 60 Kekky explained and said "I thought they managed to eat a bird whole at first." 61 Yun told him "Don't make them vomit." 62 Kekky said "I didn't make them do it, they have alot of fur so hairballs are inevitable."
